**INFORMATION DISCLOSURE STATEMENT**

Sir:

Pursuant to 37 C.F.R. §§1.56 and 1.97(b) applicants submit the following information for consideration by the Examiner. On or about May 11, 2000, CVG Aluminios Nacionales S.A. formally known as Aluminios Nacionales S.A. exported a five inch pre-cut pop up foil sheet to the United States. The product was referred to as "interfolded sheets 5 inches x 500 sh. 12.7 M. The product was sold to a company called Sweet Paper Sales Corporation and shipped to their address in Los Angeles, California. A further product was sent to Sweet Paper in Atlanta, Georgia on or about June 22, 2000. Enclosed is a Declaration from the sales manager of CVG Aluminios Nacionales S.A. and the order forms relating to the same.

Sweet Paper is a master wholesale of paper and packaging products for the food service industry as indicated on their website, [www.sweetpaper.com](http://www.sweetpaper.com), and has no known dealings with the Beauty Industry. There is no evidence in the attached documents to

suggest, nor does applicant have any knowledge, that the product was ever used in the Beauty Industry or for any purpose claimed in the present patent application. The documents simply speak about a product sold to a foodservice company. Therefore, the product claimed in the patent application and the product described in the attached documents are used for two entirely different purposes.

Applicant does not believe that the activities described above impact the patentability of the claims in the application. The product sold by Aluminios Nacionales S.A. was sold to a company in the food service industry that is not in any way related to the beauty industry.

A check in the amount of \$180 is enclosed to cover the fee due.
